Stewards of Tradition

- **Dad-Daughter Ski Trip:** Focus is dads and daughters spending time together
 - If your daughter has a friend who's dad is not present, and you would like to bring as your "ski daughter" for the weekend then that is welcome and we support
 - We don't want this to become a dad chaperoned ski trip for the girls, so in general we are not allowing girls to come without their dads
- **Xavier Rules Apply:** This is a Xavier excursion sponsored by the XCP Dads' Club
 - We must comply with and enforce all guidelines as if a formal school event
 - We will have chaperones from school on the trip with us – they will be roaming halls at night
 - Any violations of Xavier policy will be enforced with significant consequence in consultation with Dean Macrina
- **Registered Dads & Daughters:** ONLY registered Dads and Daughters with forms on file will be authorized to participate
 - Unregistered Dads, students, and other family members who travel independently or attempt to join us will be asked to leave – everyone will have wrist band to be let into venues
